**About PHA**

Professional Health Associates (PHA) is a privately owned and operated chemical dependency treatment center. We're committed to helping people heal. PHA tailors treatment to meet *your* needs.

Here at PHA we agree with the American Medical Association (AMA). Chemical addiction is

- A primary disease
- Chronic
- Progressive

Your disease isn't due to a personality or moral defect.

Both PHA clinics and clinical staff are licensed by the state of WA Department of Social and Health Services.

### **Dedicated Staff**

Our clinical and support staff provide exceptional care.

- We're committed to you.
- We want you to succeed.
- We believe you can.

Our clinicians work *with* you to determine the best treatment plan for *your* goals.

### **Our Unique Approach**

In our treatment program, Clinicians and patients work together to create individualized treatment plans. We use a team approach.

We believe your input is essential to your success.

PHA's clinical assessments and treatment programs take place in a casual setting. The style is conversational. You'll find the environment safe, comfortable, and cheerful.

Patients completing the program may return at any time for refresher sessions - at no charge.

### **Confidentiality**

All patient records are kept strictly confidential. We adhere to all HIPAA guidelines.
